

Duty schedule to change for OPP

There will be a change in the duty schedule of the Minden detachment of the Ontario Provincial Police so that incidents such as no on duty officers being present for the beginning of the Haliburton Rotary Carnival Parade will not happen again.

The parade was held at 7 p.m., Wednesday, August 3.

Inspector Cliff Perry of the OPP's district office in Peterborough told The Echo that he has also advised Sgt. Arnold Besteman to try to

make sure officers are available for events such as parades in the county.

Inspector Perry said that the change in duty schedule for the area would mean that four men would be on duty at all time.

He pointed out that the number of men with the detachment is limited by statistics.

Inspector Perry said that the normal procedure is that men are assigned to events like parades and will do the work at the parade unless something more significant

comes up.

During the time of the Haliburton Rotary Carnival there were four men on duty. One was investigating a stolen car, another was working on getting information for the Metro Toronto Police Department and a third was going to a dune buggy complaint at Wilberforce.

The fourth member of the detachment was stationed radio operator at the police station.

The Constable at the stolen car incident, accord-

ing to Inspector Perry was assigned to the parade in Haliburton but was busy with the incident at the time.

Two of the four officers started shift at 7 p.m. but were in early. The man investigating the suicide started at 6 p.m. and the other officer was recorded on his way to the dune buggy incident at 6:37.

Sgt. Besteman told The Echo that there was no problem. He was at the parade parked in his own

automobile and Constable Wim Magee, said he wasn't on duty at the time, but was told he would be paid the next day.

Sgt. Besteman pointed out that the OPP pipe band was also at the parade.

"Why don't you leave the policing to me," Sgt. Besteman asked the newspaper reporter.

He pointed out that he has to look after Haliburton County and not just Haliburton Village.

Constable Magee told

The Echo that a request for police assistance at the parade from the Rotary Club of Haliburton was registered on the occurrence book as of July 22, twelve days before the parade.

There were two OPP officers at a similar parade in Minden the week before. The officers had a patrol car and a four wheel drive vehicle.

During the time of the Minden parade there was a break and enter at 4 p.m.,

an accommodation fraud at 4:30 p.m., a stolen canoe incident at 5 p.m., a traffic hazard at 5:27 p.m. and an impaired driving at 7 p.m.

The Minden parade started at 6 p.m., one hour before the start of their shift, and assigned to cover the parade.

The request to have traffic control at the parade in Minden, according to Constable Magee, was put on the occurrence book at 3:15 p.m. July 27, the day of the parade.

Local bank alarms ring out of turn

A problem with bank alarms sent three cruisers of the Minden detachment of the Ontario Provincial Police and five officers to Haliburton Thursday morning at 9:25 a.m.

A spokesman for the provincial police told this newspaper that the OPP were alerted by telephone that the alarm in the Bank of Montreal was ringing. The police then attempted telephoning the bank and didn't get an answer.

The three cars and five officers were dispatched and found everything in order at the Bank of Montreal, but at 9:40 a.m. they heard an alarm at the Bank of Commerce in Haliburton.

The officers went to the bank and found a man working around the alarm system. The man was taken outside but turned out to be an employee of the alarm company and had been working on the alarm.

Another false alarm was sounded that night at 11:50 p.m. and only one car was dispatched at the time.

Rotarian Don Lloy, Haliburton Rotary Club President Dave Gray, presented the keys to the GMC Van the Rotary Club raffied, to Muriel Welch and her husband Reg. of Minden. The van was raffled as part of the Rotary Carnival.

Extension planned at Legion

The Haliburton Legion Hall will be getting a new

Youth drowns in lake

A 16-year-old Holland Landing youth drowned Monday afternoon in Lake Kashagawigamog after a canoe he was in overturned at 5:15 p.m.

Richard Allen Hann, drowned when he left an overturned canoe and attempted to reach two paddles.

The Minden detachment of the Ontario Provincial Police report that two companions, Mathew Robert Leach, 20, of R.R. 4, Stouffville, and Brian David Swanek of Holland Landing, stayed with the canoe and got out of the water later.

The three were staying at the Swanek cottage on Kashagawigamog Lake Road near the site of the old Golden Slipper.

The body was found by OPP divers at 7:32 p.m. in about 12 feet of water, 100 feet from shore.

There were no lifejackets in the canoe at the time.

extension and renovation along with other new facilities shortly. The Legion has received a conditional commitment from the Ministry of Culture and Recreation and Wintario, advising that the project to the new extension and renovation is eligible for financial assistance.

"At this time the plans call for a completely new extension to the rear of the present hall, measuring 48 feet wide by 64 feet long. This extension of 6,000 square feet, covering two floors, will feature a completely new, modern kitchen, designed and planned so food service operations can be carried out very efficiently, new washrooms, storage space, and an addition of approximately 28 feet on the present auditorium which will feature a portable stage. Downstairs, the space will be used for a larger office and meeting room, again more storage space, washrooms and a much larger games room area. This will enable groups using this new facility for shuffleboard, darts and pool tournaments, much more freedom of movement. New equipment will also be added to this room," a release stated.

The estimated cost of the project is \$160,000.00 with

Boy Scouts found after spending night in a storm

Five Boy Scouts from the Haliburton Boy Scout Reserve were found last week after spending a night in the bush during a thunderstorm.

The Scouts were reported missing from the reserve at 10:30 p.m., August 4. Two of the five walked out of the bush at 9 a.m., August 5, at

Wilberforce, and the other three were located at about 3:15 p.m. still in the bush.

The five boys, ranging in age from 11 to 13, were David Freeman, Michael Escora, Larry Hall, John Johnston and Ashok Ioni, all of the Toronto area.

Police said that the five were part of a group of eight

and a Scout leader, camped at the east end of Kennibik Lake. The reserve is at the west end of the 1 1/2 mile long lake.

Police said the five went out looking for firewood about 7:30 p.m. The two that walked out at Wilberforce covered about five miles of bush to come out at that

location.

Constables Roy Telford and Bob Wood of the Minden detachment spent the night looking for the boys and were relieved early Friday morning by Cpl. Terry Sneddon and Constables Bob Pearson, Dennis Potter and Weldon Popp.

Helping in the search was the police dog, Scout, and a handler from Peterborough. Ontario Provincial Police helicopter was summoned but the boys were found before it arrived.

The five were among about 800 Scouts at the Scout Reserve.

Frank Hodgson

by Creighton Feir

The Haliburton United Church was filled to capacity on Saturday afternoon when friends and relatives gathered to pay their final respects to the late Franklin Oliver Hodgson, of Haliburton, who died suddenly at the Toronto General Hospital on Thursday, August 4th, 1977.

The large gathering at the service showed the high esteem in which this popular Haliburton businessman was held. The service was conducted by Rev. Don Nicholson.

The late Frank Hodgson was not just an ordinary man, he was something special. He was a man who had no enemies and was loved by all who knew him. He was the kind of a man who went out of his way to help people out and if he could do you a favor he never hesitated to do so.

When you went into Frank's office on the Main Street of Haliburton to do business, he always met you with a smile and always had a joke or two to add to your friendly visit.

Frank was blessed with a great sense of humor and we will always remember him as a man who saw the funny side of everything. He did a great

deal of his work in the evenings and passers by on the Main Street loved to drop in and have a friendly chat. He also enjoyed meeting his friends and having a cup of coffee with them in the local restaurants. Sports was one of his favorite pastimes and he attended most of the junior hockey games played at the local arena.

I was a personal friend of Frank and the first time I met him was when my father and I ran the poolroom in Haliburton and he was delivering soft drinks from Lindsay. Many an evening he would drop into The Echo office on the Main Street to joke with my father and my late mother when we ran the newspaper in that location. Many enjoyable hours were spent with Frank

Joe Clark at Fair

Joe Clark, leader of the opposition Progressive Conservative Party, will be attending the Haliburton County Fair this weekend.

Mr. Clark will be accompanying Bill Scott, MP, for Victoria-Haliburton.

Senior citizens

Ministry will study need

The Ministry of Housing will conduct a survey to determine the need and demand for senior citizen housing in the Townships of

Anson, Hindon and Minden. A research analyst will estimate the number of senior citizens living in the community whose housing is

inadequate or who are spending more than they can afford for housing.

The demand in the area for such Ontario Housing Corporation accommodation on a rent-geared-to-income basis, will be determined from information which is gathered through advertising, direct mail questionnaires, and applications on file with the local housing managers.

The study, which will begin soon, was requested by the municipal councils of the townships. It will include an assessment of economic trends, growth factors and current and future housing needs in the municipality.

Letters outlining OHC's senior citizen housing programme will be mailed to senior citizens, asking them if they wish to participate. If an interested senior citizen does not receive a questionnaire by mail, he or she may obtain one from the municipal office in the town of Minden.

A typical senior citizen

County Fair will be held over the weekend

Saturday will be the busiest day at the Haliburton County Fair.

The Fair is being held Saturday and Sunday, August 13 and 14, at the Fairgrounds on Bobcaygeon Road in Minden.

On Saturday activities begin at 10 a.m. and will run right through until after midnight.

At 10 a.m. the light horse line classes will be held at the light horse ring. Entries must be in by 9:30 a.m.

At noon the men's football tournament will be held with eight teams participating.

The football tournament will run through into the evening and the playoffs will begin Sunday afternoon at noon.

Also beginning at 12 noon is the Rotary Beer Garden with live entertainment in the Community Centre. The beer garden will run until 6 p.m.

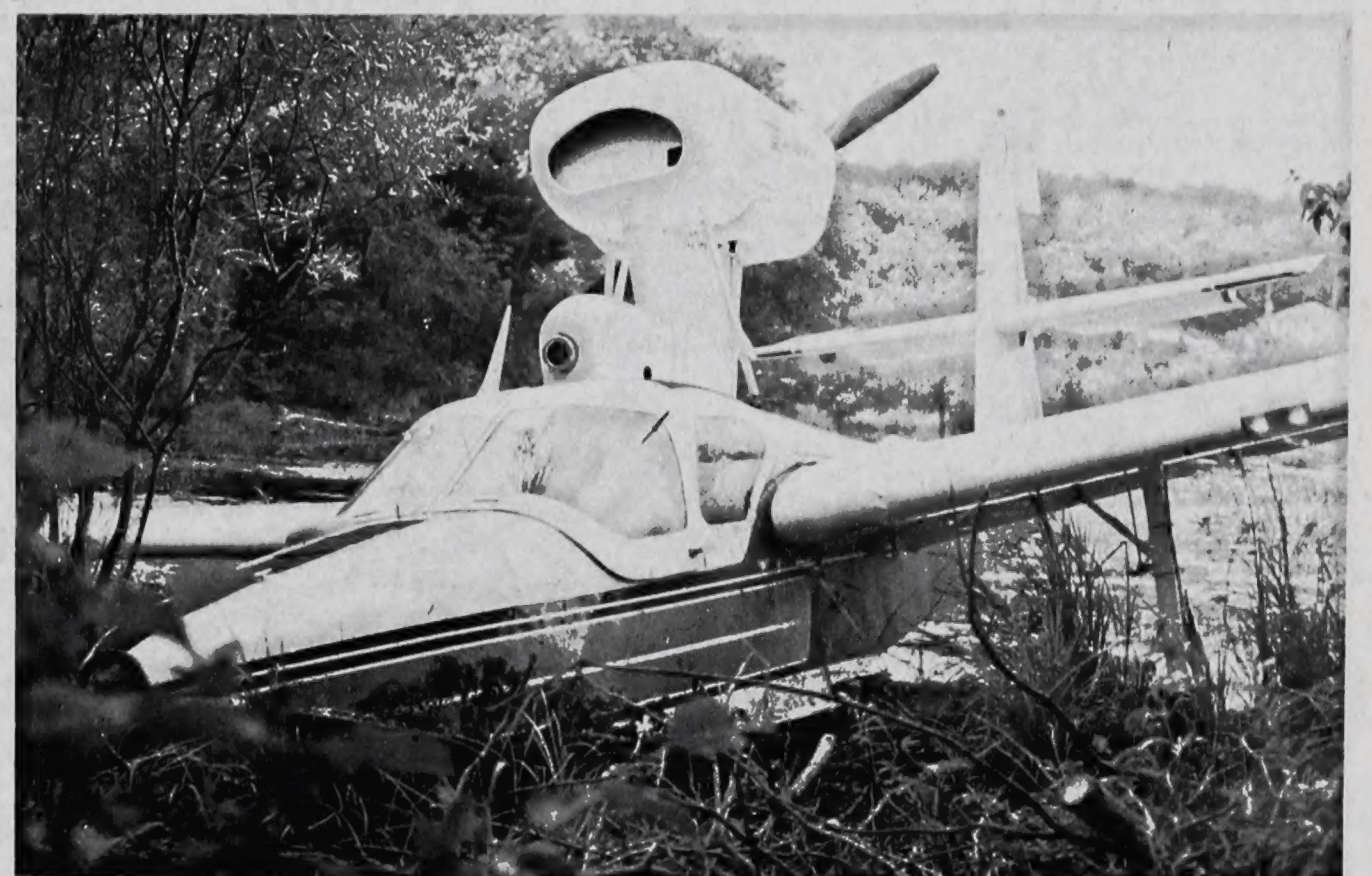

The Haliburton County Fair Parade begins at noon in the vacant lot beside Ronald Wrightman Realty in Minden. To enter the parade contact Don Blakey 286-2035.

At 1 p.m. the official opening of the Haliburton County Fair will take place at the grandstand after the parade gets there.

The crowning of the Fair Queen will take place at the grand opening.

Also, at 1 p.m., there will be the beginning of the light

One would have been slightly surprised to have an airplane like this end up in your backyard but that is just what happened at Larry Medley's house. This

plane, which was flown by Charles Norcliffe Baker, crashed into Medley's yard on Head Lake last week. There were no injuries in the crash.

From the Chamber

BY BOB STINSON

When is a Canada Manpower Office not a Canada Manpower Office? Answer: When you want to apply for a Social Insurance Number. Anyone requiring a Social Insurance Number is presently being advised that they must present original birth certificates and identification such as driver's license at the time of application. In order to avoid sending original documents in the mail, the application forms suggest that you take your documents to your local unemployment insurance office or Canada Manpower Office.

Theoretically the documents will be certified by the staff at that time and the application can be sent without having to send these documents in the mail. Acting on

Juveniles charged

Two juveniles from the Toronto area have been charged with possession of stolen property and possession of liquor by minors.

The two, ages 13 and 15, were apprehended driving a 1969 car stolen from the

Toronto area. The Minden detachment of the Ontario Provincial Police report that there was \$200 damage to the car.

The incident took place on Saturday.

this information a great number of people have gone to our Haliburton Canada Manpower Office to avail themselves of this service, only to find out that it was not available. The problem is that this office is an Outreach Office, sponsored by the Chamber of Commerce, and the employees are employees of the Chamber and not civil servants. Because of this our staff has not been "security cleared" and the unemployment insurance department will not accept their authorization on these forms. We have contacted the powers that be in Peterborough to no avail and this decision is apparently final. The only other method of application whereby you may avoid sending your originals is to make photostatic copies and have them notarized prior to mailing. This may be done by any lawyer or notary public.

Our Canada Manpower Office in Haliburton is there to help you in whatever way they can and are open five days a week, from 9 a.m. till 5 p.m. Due to the itinerant visits in other communities there is often only one of the staff on duty and therefore they do find it necessary to close for lunch. This office will be closed each day from 12:30 to 1:30 p.m. for lunch.

We have had many, many requests in our office for the map of Haliburton County that we promised earlier in the season. We do apologize for the delay in having this map available, and are pleased to advise that the map will be in our hands by this coming weekend. As soon as possible we will be getting the map distributed to members throughout the county who in turn can have it available to the public. In the meantime, anyone passing the office is invited to drop in and pick up their copy or copies.

Haliburton County lost one of its pioneer tourist operators this past week. Cecil Irwin, who founded and operated Sherwood Forest Camps for most of his life, passed away last Monday. Cecil will be fondly remembered and missed by many of us who knew and loved him. Just two days before his death, Mr. Irwin dropped into the Chamber and chatted and reminisced about old times. He had been very active at one time in the Chamber of Commerce and proudly pointed to the large map that stands beside our sign outside which he painted for us some years ago.

Another member of our business community who left us suddenly is Frank Hodgson of Haliburton. Frank, who has operated the Frost Insurance Office and the Unemployment Insurance Office in Haliburton for many years, had not been well recently and was planning on retirement shortly. He will be missed along the Main Street of Haliburton where everyone knew him well. Betty Hodgson will be carrying on in the office as she had planned to do when Frank retired.

Tip of the hat this week goes to: Minden Rent All who have been so successful in their operations they have had to close down part of it. Their rental business has been booming and bursting at the seams and they have found it necessary to expand this into the car wash facilities which meant that that particular portion of the operation had to be discontinued. They have provided a worthwhile service to the community and we certainly wish them continued success.

The Chamber of Commerce once again will be represented at the County Fair in Minden. We will be on duty Saturday and Sunday in our booth and look forward to meeting you all there. Good news from Bill Scott this week was that when he attends the Fair on Saturday he will be in the company of the one and only Joe Clark. Joe will be? See you at the Fair.

Women hurt in boat crash

An 81-year-old Toronto woman received a broken back and two others received minor injuries in a boating accident on Kawagama Lake

in the Dorset area. Muriel O'Brian, of Toronto was taken to Bracebridge Hospital with a broken back. Jack S. Whittington, 53, of

Rexdale, and his wife Cora, were also taken to hospital but released the next day. Mrs. O'Brian is Mr. Whittington's mother-in-law. The Minden detachment of

the Ontario Provincial Police report that the vessel hit mainland, striking a sand bank, then a rocky shore, and then a tree. Damage was estimated at \$1,000.

Mr. Whittaker has been charged with failing to keep proper lookout under the Canada Shipping Act. The accident took place Sunday at 12:30 a.m.

Senior housing

apartment consists of a bedroom, living room, bathroom and a kitchen, which is equipped with a stove and a refrigerator. In larger cities, senior citizen accommodation may be provided in high-rise buildings but in most communities the typical senior citizen development is a one or two storey building.

After it receives the results of the survey, the municipality can initiate the development process by adopting a resolution asking OHC to provide the required accommodation.

Senior citizen housing is erected at no capital cost to the municipality. The Federal Government, as through Central Mortgage and Housing Corporation, lends OHC 90 per cent of the capital cost and the province

lends OHC the balance. Both governments are repaid by OHC with interest.

Person charged with theft

One person has been charged with theft under \$200 and possession of stolen property under \$200 as the result of an incident at the Haliburton Red Cross Hospital, July 2.

Stolen from the Hospital were a stethoscope and blood pressure cuff. Total value was \$41.

Charged is Henry Wikstrom, 35, of Toronto, who was in the hospital for treatment when the property was taken.

High Potency Vitamin E

Sexual Potency Quickly Improves With New 'E-Pill'

NEW YORK, N.Y. (Special)—An amazing new "super-charged" vitamin E-Pill has recently been developed that reportedly "quickly increases and rejuvenates sexual drives and potency for both men and women of all ages. It also makes them feel healthier and more youthful." It is now available to the American public.

The new high potency E-Pill not only seems to increase sexual ability of both sexes but also "actually perks up sexual interest and stimulates a person's desires," according to a spokesman for the manufacturer.

ALSO IMPROVES GENERAL HEALTH
This new, easy-to-take E-Pill contains newly formulated, highly concentrated vitamin E. It tends to quickly build up and strengthen the natural physiological processes of the body that are believed to be basically responsible for its potency, youthfulness, health and long life.

HELPS 4 OUT OF 5 PEOPLE
Indications are that the new E-Pill gives quick and effective results to as high as 4 out of 5 people (80%) who have used it. Some people report no great change but feel the high potency of vitamin E in the pill does quickly make them feel better from a general health standpoint. Other reports also show it tends to "lessen daily tension and give a more relaxed, happier outlook on life."

NOW AVAILABLE
The use of these high potency (one-a-day) E-Pills is perfectly safe and are now available without prescription from the manufacturer by mail order only. To get your supply, send \$6.95 for a 2 week supply, or \$10.95 for a 30 day supply, or \$17.95 for a 60 day supply) cash, check or M.O. to: E-Pill, Dept. 516, 447 Merrick Road, Oceanside, N.Y. 11572. (Unconditional money-back guarantee if not satisfied.)

Hunter's Horn

A group of 62 tourists from Austria spent 10 days at Hunter's Horn as part of a tour of Canada and the United States.

The tourists, who left the lodge on Friday morning, had been to New York, Boston, Buffalo, Niagara Falls and Toronto before coming to Haliburton and Hunter's Horn.

On Friday they left for Kingston and were going to travel from there to New York. Yesterday was their planned departure date from New York to Austria.

Dr. Stefan Rosival, one of the participants in the tour, said that he was surprised at the size of Canada. He pointed out that everyone has enough room to live in this country.

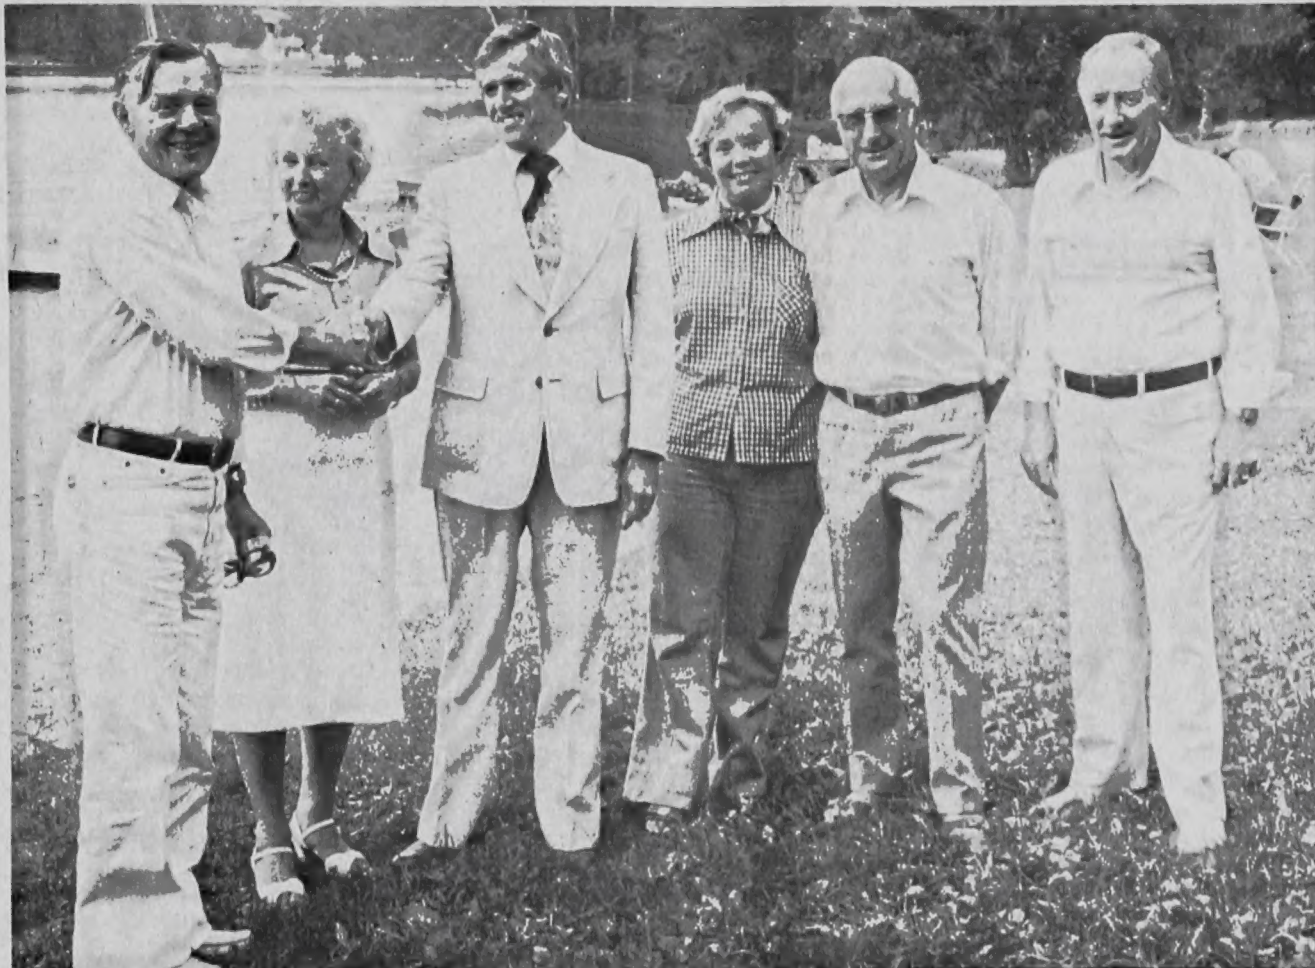

John Eakins, MPP for Victoria-Haliburton welcomed the group to Canada and Ontario. He presented them with mementos of their visit to Ontario.

Mr. Eakins said that tours of this nature are great for the tourist business and said he would like to see many more coming into the area.

Mr. Eakins pointed out that a certain amount of promotion would be needed to bring the people from Europe to Canada and in particular, Ontario.

Mr. Eakins is the industry and tourism critic for the opposition Liberal party.

Austrians visit Haliburton

Dr. Stefan Rosival, his wife Maria, Hilda and her husband Hans Adler, all of Austria, were among a number of guests at the Hunter's Horn last week on a tour from that country. John Eakins, MPP

Victoria-Haliburton, was on hand to greet the people. Pictured are Dr. Rosival, Maria, Mr. Eakins, Mrs. Adler and Mr. Adler and Bill Paul, the owner of Hunter's Horn.

Arrow TV & Communications Radio Shack officially opened last week in its new location. The grand opening was held August 4. The new locations is in the

old Red & White Store. Red & White moved earlier to the old location of LaRue Motors.

Things were bustling at Arrow TV & Communications Radio Shack last week when it officially opened in its new location in the old Red & White building. The business had been located across the street from its new location.

Fair gives the County some togetherness

The Haliburton County Fair will provide a great deal for visitors and residents of the county this weekend.

The 113th annual Fair, sponsored by the Minden Agricultural Society could be an opportunity for the county to get together and work on an event for a common purpose.

The Agricultural Society has somewhat re adopted the name, Haliburton County Fair for the event and seems to be interested in making it just that, a county fair.

But the only way it can be a county fair is to get participation from the entire county.

The people will have to think about it as a county fair and forget the name, Minden Fair.

We would think that The Haliburton County Fair Board would be pleased to have people from Dysart and Monmouth and every other municipality in Haliburton County sitting on the board and offering their ideas.

Bonus for the area

A penitentiary for Victoria-Haliburton would be more than a bonus for the area, it would be a major industry.

Haliburton County should be working now to see that the penitentiary is located in its jurisdiction.

Despite the fact that penitentiaries appear to be political footballs, this is one industry that Haliburton, if the opportunity presents itself, shouldn't pass up.

Penitentiaries employ a high number of people, in steady, government jobs, that pay salaries all winter as well as all summer. There is nothing seasonal about the business at all.

It would provide a clean industry for Haliburton, one that wouldn't pollute or streams and air, one that wouldn't be an eyesore to passing tourists.

It would, more than anything though, generate more cash flow in Haliburton County and create jobs in commercial establishments as well.

Europeans in Canada

We hear many times about people from Canada travelling to Europe, but seldom do we hear of group tours coming to Canada.

Last week a group tour from Austria was at Hunter's Horn and for many of us showed that American and Canadian tourists were not the only people interested in holidays.

Perhaps our governments, provincial and federal, should be working on schemes to bring more tours from Europe to Canada.

There has been some question in the past few years about whether the tourism industry is declining or not, or whether the lodge industry is in the decline and camping and cottages are taking its place. Either way, people from Europe travelling to Canada will find that lodges, motels and hotels are best suited for their needs because they just will not have the equipment to go camping or the means of travel to go to cottages.

Last week 62 people from Austria stayed at Hunter's Horn, next year perhaps many more people from Europe will stay at a few of the lodges in Haliburton and other tourist areas of Canada.

Parade a success

The Haliburton Rotary Club's annual Carnival and Parade, had to be the biggest and best ever.

The parade was without a doubt, a major improvement over last year's and without a doubt, the best parade in Haliburton County this year.

The Haliburton Rotary Club's members have, as in the past, gone out and worked hard to provide something of interest to the local residents and tourists alike, and have done it this year with a great deal of success.

To the Rotary Club, and all those who worked hard to make the event a success, we offer our thanks.

Most of the people in Haliburton and surrounding area will remember these five local men. They joined the army in the second world war and the above photo shows them standing in front of a building on Princess St. in Edinburgh,

Scotland in 1941. Pictured from left to right Roy Howe, Reg. Quirt, Lloyd Coneybeare, Bert Howe, Harold Douglas. Our thanks to Bert Howe of Haliburton for submitting this photo.

Feir Play

by Creighton Feir

Some of the citizens of Haliburton are complaining about the fact that they are finding it very hard to sleep at nights due to the screeching of tires on the Main Street and on the side streets in the village. The drivers of the vehicles making this noise have been at it most of the summer and it seems that you can hear it morning, noon and night. These drivers who are making a nuisance of themselves must have lots of money to keep tires on their vehicles as they leave most of the rubber on the pavement. A local citizen told us that he noticed that one of the favorite turnaround places seems to be in the front of the liquor store. He claims that following a night of this screeching of tires, these drivers left enough rubber in front of the L.C.B.O. store to make a tire. It's just a wonder that someone isn't killed with some of the speedsters going up and down the street at high rates of speed, applying their brakes and screeching their tires. In our opinion it's just about time that the Minden detachment of the Ontario Provincial Police stepped in and started to crack down on these noisemakers and speedsters and maybe if they had their licenses taken away from them it would smarten them up. Enough is enough. It's time for some action.

One night last week a group of young people decided that they would have a barbecue at the Rotary Beach in Haliburton. They gathered up some big rocks from near the tennis courts, put them in place and started a fire on the area of the Rotary Park. This is against the law and let's hope that it won't happen again.

We are getting sick, sore and tired of some people jumping down our necks here at The Echo every time that we mentioned that a lake is polluted or that certain lakes in the county have mercury content. Their big objection seems to be the fact that it will harm the tourist industry. This is all hogwash. If the lakes are unsafe for swimming or if you are told not to eat fish out of certain lakes, don't get upset. We are not out to harm the tourist industry in any way but if there is trouble and signs of mercury content or pollution in certain lakes, let's find the cause and clean them up. Why wait until the gates are open and the horses are out. How would everyone like it if we didn't get these lakes cleaned up. Speaking of the tourist industry, there just wouldn't be any.

Congratulations this week go out to our good friend George Hardy who is the manager at the Haliburton Highlands Pioneer Museum at

Haliburton. He has been notified by the Coca Cola Company that he is the lucky winner of a \$21,000.00 "Denim Machine". George, who is a past president of the Chamber of Commerce told The Echo last week that he has been entering contests for years but this is the first time that he has ever been a winner. He may have waited a long time but it has certainly paid off. The Denim Machine has been held up in Peterborough for the media to take pictures and get the story on the new machine. When it arrives in Haliburton we will have a picture of it in The Echo. George also went on to tell us that he has had a cash offer on the machine.

The merchants of Haliburton are talking and are very enthusiastic about starting a Businessmen's Association. In our opinion this is a great idea and the association is expected to be organized in September. This will give the merchants of Haliburton the opportunity to set their store hours, get more local improvements in the village and this will also give them a stronger voice when they go to council. Every other organization in town is organized and it's just about time that the local business people get together.

The municipality of Dysart have just recently sent out their tax bills with a letter enclosed from Joe Iles, chairman of the Committee for Community Improvement. In this letter he is asking the taxpayers to send a donation to the Dysart Arena Fund. Nearly \$18,000.00 has been donated and the goal is \$25,000.00. As you are no doubt aware, many arenas throughout Ontario have been condemned and some completely closed. We, in Haliburton, are very fortunate that our arena is fairly new, but after inspection by the engineers, it was found that some work had to be done to make the arena safe for the future. Please send in your donation today.

Well we have been in or taken an active part in every Haliburton Rotary Club summer parade since it started back in 1944. Many of you have likewise seen them all. The question is, has there ever been a better one than what was presented last Wednesday night. We doubt it. It was a long parade. The floats were of very high quality and the bands were good. Many say that it was the best ever and if not it had to rate as one of the best. Our congratulations to the Rotary Club on this magnificent parade and to all those who took part. Never before have the merchants gone all out like

As others see it

Dear Editor:

As a person who has spent the last five summers in the Haliburton, Minden region, I wish to commend Dr. Postlethwaite Dental Surgeon on the outstanding work he does. For our family he is the best dentist that we have ever had. He and the nurses in his office relieve the nervous tensions of those who are scared of dentists with their friendliness. The most rewarding part of a visit with him are the results which are clearly the work of a true professional Dental Surgeon. Two of the people in our family have very bad teeth, but have excellent work done on them. Although I only have one cavity I've had a cracked tooth and another tooth pulled and they were out before I realized he had started. My whole family agrees that in a few years we stop coming up for the summers, we will still come up from Toronto to have Dr. Postlethwaite take care of our teeth.

Regan MacDonald

Dear Sir:

I would like to mention about the Beer Store in Haliburton. It is sometimes a task for people going into Haliburton to drive a mile to the beer store and a mile back into town. The previous arrangement of buying at the L.C.B.O. was much better and should be returned to.

Jeffrey MacDonald

KOSHLONG

The rustle of trees,
The ripple of lake,
The fresh northern breeze,
Free pleasures to take.

The boats up and down,
Swimmers, fishermen, skiers,
The never ending sound
Of boats docking at piers.

The Loon on the Water,
The Hawk in the sky,
The Beaver, the Mink,
Bumble bee and black fly.

These are the gifts
That nature has given,
They make our drive swift
To Koshlong - our heaven.

To the "Little Brown Jug"
Our little pine cabin,
Our home in the woods,
'Tis heaven for grabbin'.

Where we work from the heart,
Enjoy good, sun and water,
Where we all take our part
And give thanks that we got'er.

Our hearts lie in Koshlong
Summer, winter and fall,
Our lake in the Highlands
That stands out amongst them all.

Joan P. Brown

Dear Friend:

What can you tell about the heart, mind and spirit of a person from the figures denoting his height, weight, age, income, size of family, shoe size, glove size or his social insurance number?

Nothing much.
Statistics are great for computers, but computers don't deal in love and pity, joys and sorrows, triumphs and disasters.

Similarly, it is hard for us to convey to you the degree of human anguish associated with each case of Duchenne muscular dystrophy by citing the number of wheelchairs we have provided to patients or the number of electron microscopes we have supplied to our research centres.

However, there is one statistic that measures a human quality -- that statistic is the number of persons who donate to help those afflicted by muscular dystrophy. It tells us something about the warm heart of this great country; it tells us something about you.

Yours truly,
Frank J. Murph
Executive Director

Dear Editor:

There may be readers of your newspaper who would be interested in knowing of the forthcoming 32nd annual reunion of #6 Service Flying Training School, Dunnville, and I would appreciate it if you would provide a news item through your public service facilities. Details of this get-together are as follows:

For the past 31 years, Royal Canadian Air Force personnel who were stationed at #6 SFTS during the war have gathered in Dunnville to celebrate their station reunion. This year marks their 32nd get-together, which will take place September 23, 24, 25. The event begins with a reception Friday night, a golf tournament Saturday morning, parade to a memorial service and flypast of wartime Harvard aircraft in the afternoon, and a banquet Saturday night. The weekend closes Sunday morning with a breakfast' cookout. All veterans of No. 6, and their spouses, are invited. If not now on their mailing list, contact Frank Scholfield, Box 187, Dunnville, Ontario N1A 2X5, or call him at the municipal offices.

Sincerely
yours,
Frank Scholfield

Editor's Notebook

by Jim Badgley

The Haliburton Rotary Carnival was the biggest and best yet. At least bigger and better than the one I saw last year.

How many times can one person be put on the spot? A number of people have asked what I thought of the Haliburton Carnival. Well, compared to last year it was better but I wasn't here to see any others.

Coming up this weekend is the Haliburton County Fair which a number of people keep referring to as the Minden Fair. Nobody will deny that the Minden Agricultural Society is the main force behind the event but we would like to think that they would welcome members from all over the county to participate in the organization of the fair.

Perhaps a totally separate body should be set up by the Agricultural Society to run the fair in Haliburton County. Perhaps a few people from Monmouth Township and Dysart et al should be pushed into the position of working on the fair.

There is a lot of tradition behind a fair, and a great deal behind the Haliburton County Fair. The fair is 113 years old and has provided entertainment for a great many people over those years.

The fair could provide entertainment for a great many more people, Haliburton County residents especially, if it is thought of and run like a county fair.

Tradition has it that the fair be held in Minden and there is no reason why that should be changed. But there is no reason why we, the people of Haliburton County, couldn't at least for one weekend think of Haliburton County instead of our own small area.

Let's get it together and make the Haliburton County Fair an attraction that the entire county will be proud of.

The Echo carried a story last week stating that it was dangerous to a persons health to eat large lake trout from Koshlong Lake.

Some people seem to be under the impression that we made the story up.

Well the story wasn't made up. The Ministry of Environment released a report on the amount of mercury pollution in a number of lakes across Ontario and Koshlong so happened to be named and the report indicated that the lake trout shouldn't be eaten if they are over 26 inches long.

THE HALIBURTON COUNTY ECHO

Police busy: investigate 20 accidents

The Minden detachment of the Ontario Provincial Police investigated 20 accidents during the week of August 1 to 7.

There was \$450 damage to a car driven by James M. Bain, 19, of Agincourt, when it failed to negotiate a curve and went into a ditch striking

some rocks.

The accident took place on Highway 519, north of Eagle Lake, Saturday at 2:20 a.m. Bain has been charged with

careless driving.

Barbara Anne Wilkins, 26, of Cambridge, Ont., has been charged with failing to report

damage to highway property and driving without a license as the result of an accident on Highway 35, in the Dorset area.

The accident took place August 1, at 11 p.m.

The OPP report that the car was southbound on a curve

when it swerved to miss a bear, lost control and slid into some guide posts. There was \$800 damage to the car.

One person received minor injuries in an accident on Tension Lake Road, August 1, at 12:45 p.m.

Edith Andrews, 53, of Scarborough, was taken to Minden Hospital when a car she was a passenger in struck a rock at the edge of the road.

The car was driven by Alexander Andrews, 53, of Scarborough. He was charged with failing to report a collision forthwith.

There was \$600 damage to the vehicle.

A single car accident on Highway 121 in Haliburton, August 1, resulted in \$1,500 damage to a car driven by Kevin M. Watson, 18, of Bancroft.

The Minden detachment of the OPP report that the car was eastbound, went out of control and entered the ditch. Watson has been charged with careless driving.

County Fair is ready for weekend

horse performance and game classes (entries must be made by 12 noon), the 4-H Club horse judging will take place at the light horse ring, the heavy horse show begins at the heavy horse ring (entries must be in by 11 a.m.), the 4-H calves will be judged in the light horse ring, and cattle, pigs, sheep and goats will be judged.

At 2 p.m. the Amateur Contest will begin at the grandstand. To enter the contest contact Gwen Duncan 286-2213.

Also at 2 p.m. the Leahy Family of Lakefield will entertain at the Community Centre. The performance will continue until 4 p.m.

At 4 p.m. the heavy weight horse drawing competition will start. A special trophy will be donated this year to the team coming the furthest to attend the fair.

At 9 p.m. there will be a dance at the Community Centre featuring the Misty River Ramblers.

There will be plenty to do on Sunday, August 14, at the Haliburton County Fair. The Fair is being held in Minden at the fairgrounds on Bobcaygeon Road.

At noon hour the men's football playoffs will begin. Trophies are being donated by Carling-O'Keefe.

At 1 p.m. the Dog Show will begin at the heavy horse ring, followed by a Basic Obedi-

Gooderham ladies victorious

The Gooderham Ladies Softball club took the semi-final round over West Guilford with a 9-8 victory.

The winning run was scored in the seventh inning. Members of the Gooderham team commented on the sportsmanship and perseverance of the West Guilford team. They also offered special thanks to the umpires.

Low water is also hurting Trent

Low water levels seem to be affecting most of the water based recreation in Southern Ontario, and the Trent River watershed is no different. Storage water in the Reservoirs receded by 3.3% to 58.5% by July 25, an amount which normally would not be reached until about August 15. Approximately 1.3% out of the 3.3% storage loss was due to evaporation which totalled about 1.3 inches in the upper part of the Gull River watershed north of Minden. The other 2% was drawn for downstream uses. Rainfall at Minden and Haliburton has totalled only 0.5 inch in the past three (3) weeks compared to a normal 2.5 inches.

Kawartha Lakes levels are generally below mid-range for navigation with a couple being slightly below minimum. Otonabee River flows remain at minimum.

Anyone who has thought

of dredging their waterfront along the Waterway should be aware that permission from the Trent-Severn Waterway must be obtained prior to starting any work. Also dredging is not permitted during the period June 1 to September 30. The process for approval is fairly lengthy to ensure that wildlife habitat and water quality will not be jeopardized.

Boaters along the Waterway will notice the addition of ladders in most locks. These are an added safety feature in case of a fire during a lock operation.

If you are looking for a place to visit during the weekend or holidays, why not spend part of a day at a lockstation. At most lock stations, there are picnic tables, lots of grass, and shade while others also have barbecues and park benches for added relaxation and enjoyment.

Fair Play

from page 4

they did this year to make sure that their businesses were represented in this parade. The Haliburton Legion Pipe and Drum Band did their usual good job and the Ontario Provincial Police Band, from Southern Ontario, were excellent. We were just a little disappointed in the Peterborough Drum and Bugle Corp. The President of the Rotary Club, Dave Gray, told us that next year they hope to have the same two pipe bands back, plus a good military band and possibly a fourth band.

In ending our column for this week may we remind you that this Friday, Saturday and Sunday is the 113th Annual Haliburton County Fair to be held at Minden. The fair board have worked many hard and long hours to provide you with a good fair. So make it a date now to take along the entire family for a weekend of fun and frolic.

In the last issue of The Echo you must have noticed the large advertisement placed by the Haliburton County Garage Operators Association. The Association are spelling out the fact that they can no longer extend credit for automobile and truck repairs or for parts, fuel, tires, etc. In our opinion this was a very wise move on the part of the Garage Operators Association and one that should have been done long ago. The day of credit is over. The businessman can no longer carry thousands of dollars on his books because if he does his accounts receivable will be so high that it will force him out of business.

CANADIAN FORESTRY ASSOCIATION AND YOUR PROVINCIAL FORESTRY ASSOCIATION

Report from Queen's Park

BY MPP JOHN EAKINS

We need to maintain a constant and reliable supply of energy for Ontario, while keeping costs as low as possible. This may well necessitate reliance on nuclear-generated power for the short-term, but our major commitment must be to energy conservation and the development of our renewable energy sources. In this way, we can minimize costs, create employment and provide safe options for solving our energy problems.

Greatly expanded research is necessary into renewable energy sources, such as solar space and water heating, wind, water and solar-generated electricity, and biomass production of methane from energy crops, wood shavings, garbage and other wastes. Ontario could become a world leader in such research, at the same time initiating and sustaining renewable energy and conservation industries. The latest renewable energy technology could be incorporated into any new buildings constructed by the province or built with provincial funds, such as schools and hospitals. Solar energy equipment installed in houses could be exempted from property tax assessment.

Ontario Hydro has proposed a massive expansion programme over the next few years, planning to spend \$25 billion by 1985 - two thirds of this on nuclear projects. Leaving aside for a moment all the arguments about whether nuclear generation is safe or not, what has to be realized is that this expansion programme would commit us to an irreversible course and to enormous expense.

Since 1971, Ontario Hydro's budget has tripled, and its long-term debt is up by 153 per cent over the same period. About .25 cents of every dollar on our electric bills goes toward paying off this debt load, incurred mainly to finance power plants and hydro corridors.

Presently planned corridors, which would go through some of Ontario's best farmland, have the potential to provide some 70,000 to 80,000 megawatts, whereas today's overall needs for the entire province are only something like 12,000 megawatts.

There has been a great deal of public opposition to these planned Hydro corridors, which would take over many acres of prime agricultural land, and would facilitate the provision of an excessive amount of hydro-electric power to the Toronto and Golden Horseshoe areas, encouraging increased industrialization and intensifying the over-centralization of this region.

Recently, Liberal Leader Stuart Smith called for a public inquiry into soaring construction costs at Ontario Hydro's Bruce nuclear generating plant. The costs are already \$100 million over budget and increasing every month. Ontario Hydro President, Robert B. Taylor, admitted that the figures quoted by Stuart Smith are correct. At present, the first of the two Bruce heavy water plants is scheduled to go into operation in January, 1980, a year behind schedule; while the second is slated for completion in July, 1981, two years beyond the target date.

On the subject of nuclear-generated power, the Canada Federation of Independent Business has protested that "Nuclear power is synonymous with large-scale, centralized, heavily guarded, technology. Individual generating stations are so fantastically expensive that only the biggest of private corporations or government will be able to finance them. Only the most advanced technocrats can operate these generators. Since the consequences of political sabotage of a nuclear station would be disastrous, tight security is always required."

Throughout the world, nuclear power is becoming a vital political issue. In Germany, the U.S., Switzerland and France, there have been huge demonstrations; in Britain and Australia Royal Commissions have urged caution on nuclear programmes; in the U.S. there have been court battles and referenda, and the election of a President who wants a slow-down on nuclear development.

Here in Ontario many people have protested against nuclear development, yet some 50 additional nuclear reactors are planned for this province by the year 2000.

County Fair

from page 5

ence Display by members of the West Point Canine Academy and Kennels. The judge of the Dog Show, Mr. Clyde Didier-Serre, will give a talk on pointing dogs and then his champion German Shorthaired Pointer will put on a field display. To enter the Dog Show contact Mrs. Fay Mansfield, 286-2366.

The draw for the Bouvier des Flandres puppy, donated by Kathy Misner of Country Kennels, Gelert, will follow. Tickets are available throughout the county or by contacting Fay Mansfield.

At 1:30 p.m. the horseshoe pitching contest will begin. Prizes will be \$10, \$8, and \$6. For more information contact

Mike Jackson at 286-2570. From 2 to 4 p.m. the Leahy Family will be entertaining at the grandstand.

The Rotary Funky Field Day races, for boys and girls, will begin at 2 p.m.

Youngsters must be at least four years old. There will be an egg throwing contest for all ages. These events will be held in the heavy horse ring.

At 4 p.m. the lightweight horse drawing contest will be held in the heavy horse ring. From 4 p.m. to 5 p.m. the exhibits will be sold in the curling rink.

The Robertson Midway will be open all day Saturday and Sunday at the Fair.

Haliburton Highlights

BY CREIGHTON FEIR

Speaking on the subject of arena funds, its hats off to our good friends in Wilberforce. The Monmouth Arena Fund has topped the \$30,000 mark. A donation of \$1,000 was received from the Wilberforce Legion. The cheque was profit from the fiddle contest.

We have just received in the mail a report from Ottawa, from William C. Scott, MP for Victoria-Haliburton. On the back cover is a questionnaire which we urge you to fill in and send in. No postage is required. This will give our member an idea of what the people in the riding want or what their thoughts are on important subjects that are of vital interest to all of us.

We have just received word that the Annual Kinnmount Fair is scheduled for Saturday and Sunday, September 3 and 4. The highlight on the grandstand this year will be Carroll Baker who was the best female country vocalist of 1976 and her group, Whiskey River.

Anyone who tells you that the local tourist resorts have been filled to capacity these past few weeks are full of beans. Many of the resorts have only had a handful of people staying at their particular resort and most of them are struggling for survival. The resort business is not what it used to be and it doesn't look as though it's going to get too much better.

In recent issues of some weekly newspapers we received each week, we have noticed write-ups from various areas telling us that certain lakes and rivers in the district have been tested for pollution. The results were printed in these papers. In Haliburton County it is like pulling teeth to get any kind of a report from the local Health Unit on the condition of our local lakes and rivers. During the past week several people have been quite worried on the condition of some of the lakes in the county where people are swimming. They, along with us, cannot understand why the results of tests taken by the local Health Unit have never been published. Just this week we received a call from a man who claims that we publish the mercury content in certain lakes but he would like to see a report if Head Lake in Haliburton is polluted. We have heard that it is and if so, why aren't the public informed. If it's not polluted, this will set everyone's mind at ease. Why should people be swimming in areas of polluted water. The signs should read "No Swimming - This Lake is Polluted." Let's hope that in the very near future we can get a report on these lakes.

We were certainly pleased to see that the Haliburton Full Gospel Businessmen's Fellowship had such an excellent float in the Haliburton Rotary Club parade. Some of the members of this organization told us that they handed out 2,000 copies of their magazine "Voice" along the parade

route. This float reminds us that there is more to life than just a few materialistic things and that there is a Lord who is our Saviour. The Bible says to go out into the world and preach the gospel and we were proud of the men who walked along beside the float speaking to the people and handing out the magazines.

Still on the subject of the Rotary parade, it has been brought to our attention that possibly another year something should be done in connection with the throwing of advertising articles from floats. Apparently some person along the parade route was hit on the head with one of these articles and book matches were picked up by small children who could very easily go home and start a fire with them.

Johnny Bower, former star netminder with the Toronto Maple Leafs, and now a scout for the team, was in Haliburton last week and dropped in to Echo's of Yesterday to look over the wide selection of antiques. Johnny stopped long enough to sign some autographs and left one hanging on the wall.

Rev. and Mrs. Trevor Denny of St. George's Anglican Church have returned home following a vacation in England while Captain and Mrs. Burry of the Salvation Army here left on Sunday afternoon for a three weeks vacation in Newfoundland.

You will notice an advertisement in this week's paper from the municipality of Dysart et al re family rental housing. It states that if you have one or more children, if your present accommodation is inadequate, if your income is modest, this is of interest to you. Your municipal council has asked the Ontario Ministry of Housing to determine the need for new rent-geared-to-income housing for families in your community. If there is a need, rent-geared-to-income accommodation will be developed by the Ontario Housing Corporation at the request of your municipal council. Questionnaires are being distributed to tenant families as part of a survey to determine the interest in this type of housing. Only by completing a questionnaire can you help to determine whether there is a demand for rent-geared-to-income accommodation for families. We think there is so please fill out this questionnaire.

We are very pleased to see Wayne Wood, Clerk Administrator for the municipality of Dysart, back home following an operation on his eyes.

Decoration Day will be held at the Ingoldsbys Cemetery this coming Sunday, August 14th, at 2:30 p.m.

The management and staff of Haliburton Hockey Haven boys camp are extending a cordial invitation to all their neighbors on Koshong Lake to attend an open house this Saturday, August 13, between 1:00 and 4:00 p.m. at the camp.

Mr. Ernie Butterworth of Cannington, Mrs. Mary Holton of Whitby, Miss Madeline Harrison of Sunderland, and their aunt, Mrs. Butterworth of Woodville, were guests of Elwin & Mary Robertson of Haliburton last week.

community cannot do. We went all out in our float this year and naturally we're happy to receive the second prize for the "Special Class". Enthroned in the foremost of the float our own Queen, dressed in regal robes, was Mrs. Flora Walling. As we passed through the throngs on Main Street, our outstanding cyclist, Alice Hartle, with her gaily decorated bike, managed to complete the parade circuit. Congratulations Alice!

I was greatly impressed with the reception we received. It was as though the younger group of the day were taking off their hats to the oldsters who had born the heat of the day in previous years. Mrs. Miriam Lewis, our Activity Director, masterminded our preparation and participation.

Thursday, the 4th, was movie day. The Library loaned us three films. The one on Eastern Ontario and the St. Lawrence was excellent.

The "Briefcase" is a newsletter for Extendicare employees throughout Canada. This issue featured an article regarding our column in The Echo. It said, the column has done an invaluable job in acquainting the people in and around Haliburton on what the Centre is doing. Our thanks go to The Echo for this opportunity to keep in touch with the people of Haliburton.

Mrs. Reg Welch, of Minden, was the lucky winner of the van at the Rotary Carnival. Mrs. Welch is Nurse Mary Hamilton's mother.

Our devotional period on Friday, August 5th, was taken by Pastor Glen Rosch. His theme was "What must I do to be Saved?" His daughter Sandra officiated at the piano.

Frank Hodgson

from page 1

and my family joking and chatting about everything from sports to politics. He was always very interested in the progress of the community and we talked on several occasions on the improvements that could be made in the village.

Frank was born in Parry Sound on June 22nd, 1910 and soon after this moved to Donald where his grandfather worked at the Standard Chemical. From Donald he moved to Lindsay.

After finishing school he worked at the chemical plant in Lindsay and later worked for the Lindsay Soda Water Works. Moving to Haliburton in 1941, he worked with his father and his brother William who operated their own business, a small hame factory which was located on the present site of the Ol' Barn Restaurant and Tavern. Following this he went into business for himself and operated the Frost Insurance Agency in the office next to the Kozy Korner Restaurant. His business started to grow and he was in charge of the local Unemployment Insurance Commission here, Clerk of the second Small Claims Court for Haliburton County and was appointed Justice of the Peace. With the workload becoming heavier as time went on, he realized he needed help and his daughter Betty joined his firm in 1971 and has worked there since that time.

Frank was a Past Master of the Masonic Lodge, a Past Patron of the Eastern Star, a member of the Scottish Rite, the Orange Lodge, the Rotary Club, and an associate member of the Royal Canadian Legion.

The late Frank Hodgson who was in his 68th year, was the beloved husband of Udine Claudia Hodgson, dear father of Betty of Haliburton, and Franklin J. of Peterborough, grandfather of Wendy Snook of Lindsay and Joseph of Peterborough, and brother of William of Dorset, Clayton and Grace of Lindsay.

He rested at the Funeral Chapel of John Welch and Son Ltd., Minden, from 2:00 p.m. Friday until 11:00 a.m. Saturday, August 6th, thence to the Haliburton United Church where the service was held at 1:30 p.m. Interment was at Evergreen Cemetery, Haliburton. A Masonic service was held in the chapel on Friday evening.

Pallbearers were Arnold Roberts; Ronald J. Curry; R. Glen Hodgson; Robert Bishop Sr.; Walter Stewart; Murray Robinson.

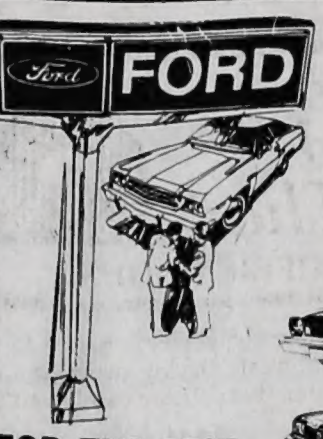

Honorary Pallbearers were Frank Price; Roy Brohm; Dr. H.P. Bishop; W.J. Rea Stinson; Jack Robertson; Glenn Austin.

We have all lost a truly great friend and one that will really be missed on the Main Street of Haliburton.

Sentenced to 18 months in jail

Paul Warburton, of Minden, has been sentenced to 18 months in jail and two years probation by County Court in Lindsay, after being found guilty of rape.

Warburton was also sentenced to 12 months for gross indecency. The sentences are to run concurrently.

VICTORIA COUNTY OFFICIAL PLAN PROGRAMME PRESENTATION OF DRAFT OFFICIAL PLAN MEETING DATES

The County of Victoria is currently in the process of preparing a County Official Plan. The Victoria County Planning Board whose function it is to prepare the Official Plan is holding public meetings during the month of August. The meetings will focus on the draft Official Plan with particular attention being given to the land use policies.

The dates, times and locations for the AUGUST meetings are as follows:

WEDNESDAY, AUGUST 17 - 8:00 P.M.
GRANDVIEW PUBLIC SCHOOL

FRIDAY, AUGUST 19 - 8:00 P.M.
WOODVILLE TOWN HALL

SATURDAY, August 20 - 2:00 P.M.
CARDEN MUNICIPAL HALL

WEDNESDAY, AUGUST 24 - 8:00 P.M.
LINDSAY, 42 VICTORIA AVE. N.

FRIDAY, AUGUST 26 - 8:00 P.M.
OMEMEE CORONATION HALL

SATURDAY, AUGUST 27 - 2:00 P.M.
FENELON FALLS COMMUNITY CENTRE

MONDAY, AUGUST 29 - 8:00 P.M.
OAKWOOD MUNICIPAL HALL

WEDNESDAY, AUGUST 31 - 8:00 P.M.
BOBCAYGEON/VERULAM COMMUNITY CENTRE

SATURDAY, SEPTEMBER 3 - 2:00 P.M.
COBOCONK LIONS HALL

The Official Plan will effect the future use of land and management of the County's resources.

Make a note of the meeting date in your area and try to attend.

L.E. (Ted) Shea, Chairman, Victoria County Planning Board, 42 Victoria Ave., North, LINDSAY, ONTARIO K9V 4G2 (telephone) 705-6183

Tenders

Tenders are invited for rental of the following road construction equipment.

- Five tandem axle dump trucks (minimum capacity 42,000 G.V.W.) with operators.
- P.C.V. licence is required.
- Approximately 160 hours each.
- One four wheel drive loader (minimum net H.P. 90) with operator.
- Bucket capacity S.E.A. 1.6 cubic yards. (2 cubic yards heaped).
- Approximately 160 hours.

JOB LOCATION

- Anson Lake forest Access Road located approximately five miles west of Pine Springs on the Hindon access road.

STARTING DATE

- Within one week of closing date.

Interested parties may obtain tenders at the Ministry of Natural Resources District Office at Minden, Ontario: Closing date 12:00 o'clock noon August 17, 1977.

Public opening of Tenders will take place at the Minden District Office on Friday, August 19, 1977 at 2:00 P.M.

Travelling time to and from the job, as well as machine floating time, fuels, lubricants and maintenance, is the responsibility of the tenderer.

Tendered Equipment must operate at stated capacities.

Tenders must be submitted on proper tender forms.

Lowest or any tender not necessarily accepted.

Equipment subject to inspection before tender is accepted.

Fleet operators required to show proof of Workmans Compensation.

Minimum Insurance required \$200,000 P.L. & P.D.

Equipment rental subject to Mechanic Lein Act.

This and That

BY JENNIFER WOODS

Corn is one of the few vegetables native to the North American Continent. Drying sweet corn is a good way of preserving this delicious and healthful food:

1. Gather fresh sweet corn, selecting only ears that have fresh and green husks.
2. Collect enough corn for eight pints of kernels. (Do not blanch or cook the corn.)
3. Mix in 6 tablespoons of granulated sugar, 4 teaspoons of coarse canning salt and 1/2 cup of sweet cream.
4. Boil for 20 minutes, stirring constantly.
5. Spread the cooked corn in shallow pans and place in oven set at lowest heat.
6. When corn is dry and crispy remove and place in clean brown paper sacks (bags). Hang the sacks in a dry room. When the corn has dried completely, it will rattle in the sacks. It can be removed and stored in clean glass jars.
7. Corn prepared this way is delicious on a cold winter night. Just simmer in water with butter or milk if you prefer, until tender.

Gooderham Village had a very successful street dance recently and at it delicious hamburgers were available with a topping that I thought you would be interested in - from the look of it around 600 people or more enjoyed them also.

WAYNE'S HAMBURGERS

Fry hamburgers as you normally would. Then fry a combination of chopped onions, chopped green tomatoes and green peppers. Then add hot dogs, sliced thinly, to this mixture. Garnish the hamburgers with the fried vegetables and sliced hot dogs. The ones we had were delicious.

I found this recipe for corn fritters that is very good:

CORN FRITTERS

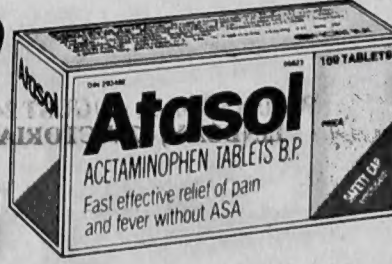

Cut kernels from 6 ears of fresh corn, reserving liquid. 2 cups of corn and 1 cup liquid is needed. (Add milk if you haven't enough.) Mix 1 egg, 1 1/2 cups flour, 3/4 tsp. salt, 2 tsp. baking powder, 1 tsp. cinnamon, 1/8 tsp. nutmeg. Mix and fry in deep fat for 3 minutes, turning once. Drain and pour warmed honey and cinnamon over them.

Minden news and views by

Jeanne Sears

Sincere sympathy goes to the families and friends of the late Frank Hodgson and Ernest Hewitt who passed away since last week.

Mrs. Harry Welch enjoyed a week's holiday at the busy resort of Horseshoe Lake with a friend, Miss C. Webber.

Congratulations to the newlyweds, Mr. & Mrs. J.E. Rex (nee Bonnie Lee Rowden) who toured the town in a horse drawn vehicle last Saturday afternoon.

Muriel Ewing, Chris and Scott, of Toronto, are visiting her parents, Mr. & Mrs. M. Sears, this week.

The Hargreave Family spent their holidays at their summer home in the village.

Marge MacMinn and Joe visited Thursday last with Mrs. Lois Dube.

Obituary

Cecil Holmes Irwin
dies in
80th year

A funeral service was held in Haliburton recently for Cecil Holmes Irwin, 79, former operator of the Sherwood Forest Camp on Haliburton's Lake Boshkung.

Irwin left high school in Toronto during World War I, to be a wireless operator in the Canadian Navy. After the war he studied forestry and graduated from the University of Toronto in 1922.

Hired by a pulp and paper company as a forest engineer, he lived in Quebec City and in 1933 opened the Sherwood Forest Camp for Boys.

For the next 30 years he was "Chief" to thousands of young summer campers. Irwin was on Haliburton school boards for more than 10 years and a governor of the Red Cross Hospital in Minden, where he was also a volunteer for meals on wheels.

He travelled to the Arctic, Antarctic, Australia and Madagascar.

He leaves his wife, Jean Carey and son, David.

Contract awarded for 35 and 121

Transportation and Communications Minister James Snow has announced the award of a contract for Highways 35 and 121 in Huntsville district.

The contract is for grading, drainage, granular base and hot mix paving on Highway 35 from 0.1 miles north of the south junction of Highway 121 northerly for 2.9 miles; and grading, drainage, granular base and hot mix paving on Highway 121 from Highway 35 easterly for 0.3 miles. Work on the project is scheduled to begin in August, 1977 with completion set for mid-summer, 1978.

The contract is awarded to Yundt and McCann Construction Limited of Stratford, Ontario at a cost of \$963,628.

development, as well as general maintenance functions.

Both male and female students are attaining valuable experience and understanding of resource development and management while earning funds for next year's educational expenses.

Due to the success of last year's program of municipal public access areas development, 24 students working in two municipalities are developing and maintaining municipal public access areas on a number of our lakes in the

District.

Parks Branch have nine students maintaining twenty five Crown land access points to lakes and rivers in the district, including several day use and camping areas.

Six students are carrying our forest improvement projects in the Victoria County Agreement Forest. Twenty-five to thirty year old red pine plantations are being selectively thinned to improve the quality and growth rate of the remaining trees.

Fish and Wildlife Branch have two students collecting

valuable fisheries data throughout the district.

Using trap nets, these students are helping to assess populations of species such as bass, yellow pickerel and muskellunge in lakes where fishing for such species has apparently declined in recent years.

One student is conducting an inventory of all existing pits and quarries within the district involving both Crown and private lands. This detailed inventory identifies the locations of the pit or quarry, its present potential

size, as well as the type of aggregate.

Three students are involved in maintenance of Ministry headquarters and grounds as well as assisting with general office duties.

One student is working with Lands Branch assisting with our current commercial water lot program.

To date, the Experience '77 Program has been most successful and we are impressed with the capabilities and proficiencies of the students, many of whom are from the local area.

The Many Faces Of Yogurt
Yogurt is growing in popularity among the dairy products. It is prepared from whole or partially skimmed or skim milk, providing good flavour and nutrition. The two types are the "regular" and the "Swiss-style". Home-made yogurt falls into the "Swiss-style" category.

Yogurt may be plain or flavoured, and depending on the variety, may provide 112-170 calories for a six-ounce serving. It keeps well in the refrigerator, 3-5 days for the "regular" type and about 2 weeks for the "Swiss-style". However, check the label for the recommended "best before" date.

Yogurt can be eaten as is for a snack or dessert; it may be blended with fruit juices, substituted for sour cream or buttermilk in baked products, added to salads, used as a dip for chips or vegetables, and mixed with cottage cheese, jams and jellies.

In short, yogurt can enhance the simplest dish. It is always refreshing, easily adaptable to taste, and a delicacy that is enjoyed by more people each day.

HALIBURTON IGA MARKET

Haliburton Rotary Club's annual Carnival and Parade

Haliburton Lumber took first in the commercial class for floats in the Haliburton Rotary Carnival parade held last Wednesday night. This float shows the crown.

The Labatt's Blue Balloon flies over the Dysart Community Centre. The balloon was part of the Haliburton Rotary Carnival held last week. It proved to be quite an attraction for both old and young.

The Haliburton Hockey Haven entry depicts the Royal Family. The theme of the Rotary parade was the Silver Jubilee of Queen Elizabeth.

IGA float named best in the parade

The IGA float took top spot in the Haliburton Rotary Carnival parade. Judges, John Zylstra, Harry Davis and Dr. Doug Cavers selected that float as the best in the parade.

Locarno-on-the-lake was second.

Haliburton Lumber and Enterprises Ltd. float was named best merchant entry.

Haliburton Marine Ltd. was second in the merchant class with Stedman's Department Store taking third and Nancy's Flowers fourth.

In the special division Dudley Township took the top spot. Extencicare was second in that class with

Youth for Christ Group third.

The best individual entry winner was Vasey Real Estate. Mike's Milk of Haliburton was second and Haliburton Real Estate Board was third.

Lucy Postlethwaite won the best bicycle award with Brent and Shirley Newbatt second and Jody Roberts third.

One of the largest crowds in the history of the event attended the carnival.

No parade is complete without marching bands and the Haliburton Rotary Carnival parade was not any different. There were a number of marching bands in the parade including this unit and the Ontario Provincial Police Band.

There off and running at the Haliburton Rotary Club's annual bed race held in conjunction with the Rotary Carnival. The bed races were held last Tuesday night, the opening day of the two

day carnival. Other highlights of the event included a midway and a parade.

Youngsters love games and these were no exception. They were lining up to play one of the many games at the Haliburton Rotary Club's Carnival held last week.

The carnival featured a number of items of interest for young and old alike.

The Dudley Township area was well represented in the Haliburton Rotary Carnival parade. For those who were wondering, Dudley Township is part of Dysart et

al and by the looks of things has a few of our more noteworthy residents. The parade was held last Wednesday night.

The Haliburton IGA entry took top spot in the parade as the best overall float. The float, which shows a royal scene, was selected by a panel of three judges. The

float goes along with the Queen Elizabeth Silver Jubilee theme of the parade.

Residents of Extendicare enjoyed the parade from a seat right in a float that was part of the event. Extendicare residents showed their spirit of

participation by entering a float in the parade. The parade was considered one of the largest ever in Haliburton Village.

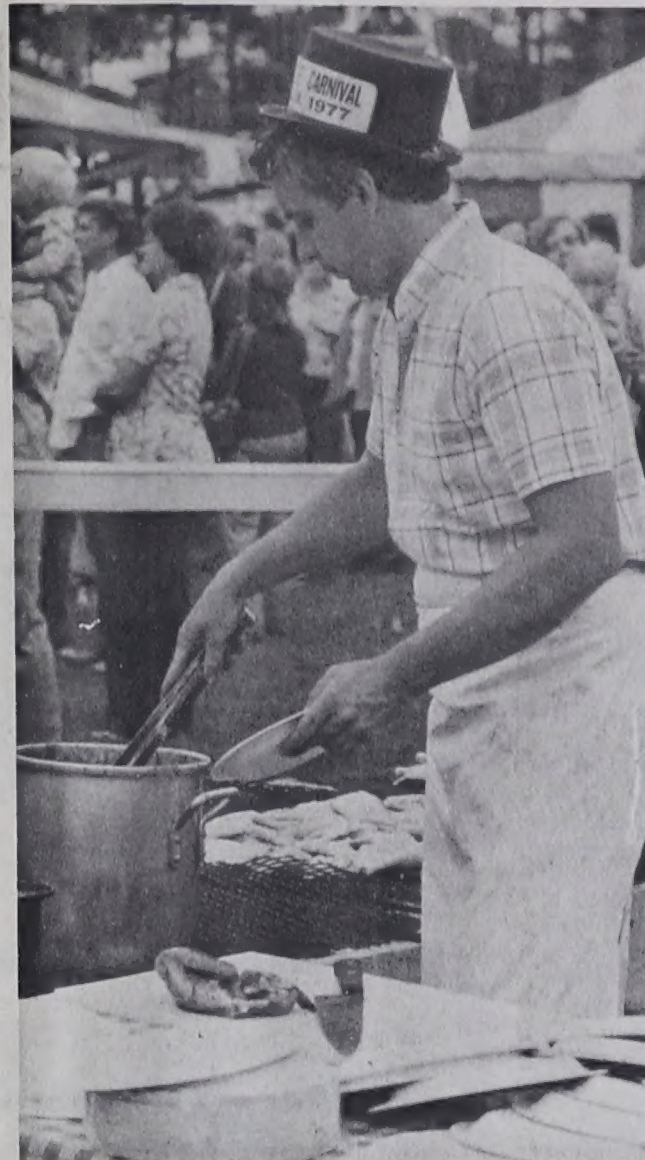

Youngsters participated in the Haliburton Rotary Carnival parade in such events as the bicycle decorating contest. The many youngsters who decorated their bicycles got to show them in the parade. The

parade was held last Wednesday night. The Rotary Carnival was held last Tuesday and Wednesday night.

This old car was part of the Haliburton Rotary Carnival parade. The parade drew about 5,000 spectators to Haliburton's downtown last week. The

Rotary parade was held Wednesday night in conjunction with the Haliburton Rotary Carnival which was held Tuesday and Wednesday nights.

Dave Gray, President of the Haliburton Rotary Club, helps with the preparation of the chicken at the Haliburton Rotary Carnival.

The Dudley Police Department was out in full force at the Haliburton Rotary Carnival parade. The Dudley entry was among many in the long parade.

Photos by
Donna Brohm
Susan Brohm
Jim Badgley

The parade had many interesting floats depicting a number of subjects but this one was a little different, showing a pizza being made. The Haliburton Rotary Club's annual parade was a success with a number of people, companies and organizations entering floats.

Large crowds jammed the streets of Haliburton for the annual Haliburton Rotary Club Carnival parade. The parade started at Rotary Beach, travelled through

Haliburton's downtown and ended up again at Rotary Beach.

Gems of Truth

The Epistle to the Galatians makes it very clear that salvation by works does violence to the "gospel of grace" that Paul was expounding to his hearers in the early Church. It is quite evident that he became very disturbed by the false teachers that were troubling the Galatian believers. These teachers had entered in among them and distorted and perverted the Gospel of the Grace of God. These legislative teachers were marked out by Paul as being

preachers of "another gospel," which was not "another," but a perversion of the true. Galatians 1:6-7. They taught that "obedience to the law" had to be mingled with "faith" in the Lord Jesus Christ, both for the receiving of salvation by the sinner and his perfection or sanctification. These teachers had met with a great deal of success as men are ever minded "to do" something of their own for merit before God. Seemingly the Galatians were "bewitched" by these "ad-

ded" efforts and succumbed to them and submitted to "circumcision." 5:1-4

The Apostle Paul meets the error of these legislative teachers and refutes it with undeniable logic and argument. As to the believer's justification, he shows that it is through the Covenant God made with the patriarch Abraham, and that the "Law" was given 430 years after that Covenant was confirmed. In short, Abraham's "faith" had made him a child of God and not the keeping of the "Law." The true purpose of the Law was not the setting free from sin or justification but for "condemnation," and to shut men up to "faith in Christ" for salvation and righteousness. No human living, past or present, has ever been able to live up to the high standard of the law. It is as perfect as God, and was given to show ourselves sinners in His sight and thus in need of a Saviour.

Paul clearly shows that the "Law", or keeping part of it, cannot disannul a salvation which rests upon the Abrahamic Covenant, Gal. 3. As to the believer's perfection and sanctification, he agrees the work and energy of the Holy Spirit in His indwelling presence of the believer, and he further reveals the fact that as the believer walks in the Spirit, the Spirit gives him victory over the flesh with its lust after evil. Chapter 5.

The Epistle of the Galatians was written to vindicate the Gospel of the Grace of God against any "mixture" of Law keeping as a needed addition for salvation. The true Gospel is the message of pure Grace, and any admixture of Law keeping destroys its character and belittles the "finished redemptive" work of the Lord Jesus Christ. The sure test of the true Gospel is Grace. If the given message denies the fact and guilt of sin, out of which grows the occasion for and need of the Gospel, or if it mingles "Law keeping" with "faith in Christ" as the means of justification or perfection, it is "not" the Gospel of God. Rather, it is a perversion of the true Gospel and does violence to the work which the Lord Jesus wrought out for the sinner and accomplished by His death on the Cross of Calvary. All who present such a perverted message rest under the Divine wrath of God. Galatians 1:8-9, comp. 5:10-12.

With such clear and telling arguments against Law keeping or any additional requirement beyond "faith" for salvation, we do well to carefully consider just what kind of message we present to mankind.

It is very evident that the "Law" or "good works" is in sharp contrast with "Grace", and that under Grace God bestows the righteousness demanded under Law, through "faith" in the Lord Jesus Christ. Exodus 19:5, John 1:17, Romans 3:21-26, 10:3-10, 1 Cor. 1:30. Under Grace God imparts to the believer the spirit of obedience to the Divine will, so that the "new law of Christ" is his delight. Hebrews 10:16, Gal. 6:2, 11 John 1:5. It is thus that as the believer walks in the Spirit, the righteousness of the Law is fulfilled in him and the "fruit of the Spirit" is manifest in his life. Romans 8:2-4, Gal. 5:16, 22, 23. True faith and pure Grace equip the child of God to live a life well pleasing in the sight of God and man. What more can we add to this?

The Word of God

by Brian V. Sullivan

The resurrection of Jesus Christ from the dead is tremendous proof of His being the Son of God. Many people in our day and time, refuse to believe in the resurrection of Christ. They contend that such is not possible, fictitious, or a cover up of the true facts. To contend that such is impossible is to argue that God is lacking in power (Luke 18:27). To suggest that it is fictitious, is to accuse the inspired writers of distorting the true facts, or worse to incriminate the Holy Spirit who inspired them. To accuse of a cover up of the true facts implies that you know something which the early church did not know, I find that hard to believe.

There is adequate proof that the resurrection did occur. Even the hostile forces were involved in the events surrounding the great occasion. In Matthew 27:62-66 we read: "Now the next day, that

followed the day of the preparation, the chief priests and Pharisees came together unto Pilate, saying, Sir, we remember that the deceiver said, while he was yet alive, After three days I will rise again. Command therefore that the sepulchre be made sure until the third day, lest his disciples come by night and steal him away, and say unto the people, He is risen from the dead: so the last error shall be worse than the first. Pilate said unto them, Ye have a watch; go your way, make it as sure as ye can. So they went, and made the sepulchre sure, sealing the stone, and setting a watch."

There was no doubt in the mind of the Jews who came to Pilate, they knew that the crucifixion had had tremendous effects on the whole city, but they also knew that if this man's body disappeared, that the result of that news would be even more detrimental than anything else in swaying the people toward him. They

would conclude that he was a messenger of God, the Son of God. This was not what the Jewish leaders of that day wanted. To them (that is: the Jewish leaders) such a situation would be worse than the crucifying of Christ. To protect against this, they set a watch.

Would death hold back the Son of God? Would three days come and go and the Son of God's body still be in the tomb? Would the sealing of the tomb, and the guarding with the watch, keep Jesus from coming forth? The answer to all of these is: "No!"

Let me continue to set forth the facts as given by the gospel writer Matthew: "In the end of the sabbath, as it began to dawn toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulchre. And, behold, there was a great earthquake: for the angel of the Lord descended from heaven, and came and rolled back the stone from the door, and sat upon it. His countenance was like lightning, and his raiment white as snow: And

for fear of him the keepers did shake, and became as dead men. And the angel answered and said unto the women, Fear not; for I know that ye seek Jesus, which was

crucified. He is not here: for he is risen, as he said. Come, see the place where the Lord lay. And go quickly and tell his disciples that he is risen from the dead; and, behold, he goeth before you into Galilee; there shall ye see him: lo, I have told you. And they departed quickly from the sepulchre with fear and great joy; and did run to bring his disciples word." (Matthew 28:1-8). Yes, with fear and joy they ran to tell the others. What a beautiful description of their emotions. How would you have reacted if you had been there? That same fear and joy needs to be our disposition today in relationship to the resurrection. Fear because we have heard about this proof of the Son-ship of Jesus the Christ. Joy because it brings us the hope of the resurrection morn. Next week we will look at the witnesses to this resurrection of Christ, see you then.

 1. Accounting, Law, Business
 Communications.
 2. Financial Accounting, Mathematics
 of Finance, Managerial Statistics.
 3. Cost Accounting, Economics,
 Information and Computer Systems.
 4. Advanced Accounting, Auditing,
 Taxation.
 5. **OPTION MAJORS:** Financial Accounting/
 Controllorship/Taxation/Auditing.

RESUME
 Name: J.T. Grant (C.G.A.)
 Address: 24 Maple Street, Toronto
 Telephone: 487-0093

This one is the best

The letters CGA after your name tell the story. Employers know that they identify an individual with sound knowledge, ability, drive and initiative. After all, The Certified General Accountants program is one of the toughest and most demanding of its kind.

Graduate CGAs are self-reliant, determined people with the ability to concentrate on a problem and take it through to solution. This ability is a direct result of the CGA program which allows you to learn while still earning a living in related employment.

CGA develops people who can be relied upon to work without the need of constant supervision. These are the people in demand for management teams. These are the people in line for top-level financial and accounting positions.

But competition for the best jobs is fierce: your resume has to come out on top.

If you are ambitious; if you want to realize your full potential; if you want to gain freedom of career choice, then contact The Certified General Accountants Association. Applications now being accepted for summer or fall course entry.

Write or call: Milf Masters, C.G.A., Registrar

Service continuing despite closing of VLA office

William C. Scott, M.P., Victoria-Haliburton, has been assured by the Minister of Veterans Affairs that service will continue for those individuals in the area involved with the Veterans Land Act, even though the local office has been closed. March 31, 1975, was the final date for qualified veterans to apply for settlement under the VLA and March 31st of 1977 was the closing date for veterans with subsisting VLA contracts to apply for additional loans. With the end of VLA lending, it was determined by the Department that the need for interviews on a regular scheduled basis was no longer warranted and thus the Lindsay office was closed. Prior to this decision, the

Ontario Director of the VLA had contacted officials of the Royal Canadian Legion in Lindsay to make them aware of this decision.

On pursuing the matter further, Mr. Scott was given every assurance by the Minister that despite this action, services for VLA participants in the area would continue. Should any constituents involved in this program encounter difficulties, Mr. Scott urges them to contact him at their earliest opportunity, if he can be of assistance in any way.

Annual Spruce Outlet dance

The annual dance of the Spruce Lake and Outlet Bay Cottagers' Association was held Saturday, July 30.

The president, Dr. Peter Markle welcomed members and guests and thanked the merchants of Haliburton for their generous donations of prizes. Air Haliburton, Brohm's Variety, Bernsteins, Candlewood Gifts, Cordell Interiors, Cauldron Pharmacy, Dominion Dept. Store, Echo's of Yesterday, Nancy's Flower Shop, Haliburton Lumber, I.G.A., Junk for Joy, J & K Office Supplies, Naia Marina, Harry Pollard, Pro Hardware, Radio Shack, Red & White, Stedmans, Victoria Sports and Varty's Jewellery.

Amendment made to Gasoline Excise Tax Scott learns

William C. Scott, M.P., Victoria - Haliburton has learned that an amendment has been made to the Gasoline Excise Tax Regulations concerning the entitlement of handicapped persons.

Effective June 16, 1977 persons who have been certified by a qualified doctor as suffering from a permanent impairment of locomotion to such an extent that use of public transportation by them would be hazardous, will be entitled to a refund of the excise tax on all gasoline purchased for their own use.

Up until this change, handicapped individuals were only entitled to a refund of the excise tax on gasoline which was used for their travel to and from work. Should further information be required concerning these changes, individuals should contact the District Excise Office which for our area is located in Belleville. The address there is Federal Building, 11 Station Street, P.O. Box 87, Belleville, K8N 4Z9. The phone number is 613-962-0581.

ATTENTION: WELL, RIVER AND LAKE WATER USERS

YOUR DRINKING WATER MAY BE UNSAFE.

The Ontario Government says: "Even without human intervention the water of a lake or stream is unavoidably exposed to contamination at any time. Surface runoff can pick up fertilizer and wash over animal droppings (or carcasses) on its way to the lake, and birds are not dainty in their habits."

"...lake water should not be used for drinking without prior treatment. Even if you test the water and find it free of bacteria, the results tell you only that the sample (you took) ... was pure."

THE SUPER STERASYL WATER PURIFIER GIVES CLEAN, PURE, SAFE DRINKING WATER FOR UNDER \$70.

- Silver-impregnated ceramic cartridge traps and kills bacteria and filters other microscopic particles.
- Activated carbon removes most bad tastes and odours.
- Simple do-it-yourself installation - no pipe cutting or soldering.

See **STERASYL**

MUNICIPALITY OF DYSART ET AL

FAMILY RENTAL HOUSING

- IF YOU HAVE ONE OR MORE CHILDREN
- IF YOUR PRESENT ACCOMMODATION IS INADEQUATE
- IF YOUR INCOME IS MODEST

THIS IS OF INTEREST TO YOU!

Your Municipal Council has asked the Ontario Ministry of Housing to determine the need for new rent-geared-to-income housing for families in your community. If there is a need, rent-geared-to-income accommodation will be developed by the Ontario Housing Corporation at the request of your Municipal Council.

Questionnaires are being distributed to tenant families as part of a survey to determine the interest in this type of housing.

ONLY BY COMPLETING A QUESTIONNAIRE CAN YOU HELP TO DETERMINE WHETHER THERE IS A DEMAND FOR RENT-GEARED-TO-INCOME ACCOMMODATION FOR FAMILIES.

For families interested in renting an Ontario Housing unit, additional information and questionnaires may be obtained from:

LUXURY ON A NARROW LOT
PLAN NUMBER 64-1024

This attractive two bedroom split-level of compact design, incorporates a wealth of modern features.

The front fireplace chimney illustrated here is finished in brick. To individualize your home, choose your exterior finish from the multitude of materials available. For example use brick, natural stone or stucco, combine well with the currently-popular natural wood siding for a fresh design.

The covered entrance leads to the spacious living dining rooms. A multitude of combinations of draperies, wallpapers, hardwood flooring or wall-to-wall carpeting will make this a comfortable entertaining area.

This plan shows a bright modern kitchen layout, with a sun-catching bay window. A personal change could include a built-in breakfast nook, or add a pass through to the dining area with louvered doors. The pocket door gives extra space for cupboards or a dishwasher.

Directly below the bedroom level, and behind the garage, is extra space to add another bedroom, or den. Stairs lead from the garage-den level to an unfinished basement. Lots of room here for a laundry room, bulk food storage shelving, or an extra washroom and recreation room.

Truly this home of the week offers a versatile plan, that would be ideal for the growing family on a budget.

Plan for design No. 64-1024 may be obtained at a cost of \$50.00 for the first set and \$9.00 for each additional set, plus \$3.50 for postage and handling.

Send for the current edition of Select Home Designs Series #33 featuring imaginative decorating and home improvement ideas plus more than 300 quality home plans of every type. Available for \$2.25 (\$1.75 plus 50 cents postage and handling). To order these items please send cheque or money order payable to the Home of the Week. Address to: Home of the Week, c/o The Haliburton County Echo, 382 West Broadway, Vancouver, B.C. V5Y 1R2.

Thank-You

Our sincere thanks to relatives, friends and neighbors for their acts of kindness, messages of sympathy, floral tributes, and food donations during the loss of our loved one, a wonderful husband, father and grandfather, Leslie Reynolds. Special thanks to G. Monk & Staff of John Welch Funeral Home and to Rev. Miller for his comforting words.

Mrs. Muriel Reynolds, Bev, Sheila, Paul, Tammy, & Shane Sawyer.

To all my friends who remembered me through their prayers, flowers, visitations, cheery cards, and various expressions of thoughtfulness during my stay in St. Joseph's Hospital. I wish to express my sincere thanks.

Mark Vasey

IN MEMORIAM

McKELVEY & CRAWFORD - In loving memory of my loved ones, my sister Bernice Crawford McKelvey, August 14, 1922, my mother Dossie McKelvey, August 14, 1973, and my brother Wallace Elwood, February 1, 1975.

There's a family who misses them sadly,
In a home where they used to be,
There's a family who wanted to keep them,
But God willed it not to be.
But as the rainbow is a promise,
Of a new and brighter dawn,
So has God our father promised
That our loved ones will live on;
In a place of light and beauty
That He has set aside,
A house of many mansions
Where our loved ones will abide.

Sadly missed by Mildred.

FETTERLY - In memory of Violet who passed away August 14, 1973.

She has gone across the river
To the shore of evergreen,
And we long to see her dear face
But the river flows between
Some day, some time, we shall see
The face we loved so well,
Some day we'll clasp her loving hand
And never say farewell.

Sadly missed and ever remembered by husband Ray and family.

IN MEMORIAM

PEACOCK - In loving memory of a dear wife and mother, Gladys, who passed away August 9, 1974.

We had a Mom with a heart of gold,
Who was more to us than wealth untold,
Her tired eyes are sleeping,
Her willing hands are still,
One who suffered far too much,
Is resting in God's will.
She never said goodbye to us,
Perhaps it's just as well,
We never could have said goodbye,
To one we loved so well.

Lovingly remembered by husband Bob and children Joe, Dorothy, Faye, Debbie and Robbie.

DEATH NOTICE

1973 OL

Bill Smiley I'm for quitting

My wife loathes and despises the idea of my retiring some day. She is firmly convinced that after a busy and useless life, I would be completely at loose ends should I retire, and would just wither away.

And every summer I do my level best to convince her that her fears are unfounded, that I have never been bored in my life, that I am a master at the art of the trivial, and that retirement would be a breeze, with not enough hours in the day to accomplish all the things I want to do, and avoid all the things I don't want to do.

Here's a typical summer day, and I leave you to judge. I'm up every morning at the crack of nine. This may seem a bit late, but I stay up until 3 a.m., watching the late movie, to make up for it. I can't do either of these things in the other ten months of the year, so I figure I'm entitled.

Carefully wash and shave — never go downstairs with a grizzle of beard, one of the first signs of deterioration. While I'm lathering up, I skim a chapter of the novel on top of the toilet tank. Not a second wasted, you'll note.

Then it's downstairs, pop on the teakettle, fetch the morning paper from between

the doors, open the refrigerator door and think about breakfast, which I prepare myself. This morning, I was torn between bacon and eggs — fuddle the cholesterol — and fresh strawberries. Settled for the berries and ate about a quart of them in cream and sugar, with lashings of tea, and hot toast dripping with butter and peanut butter.

Judiciously read the morning paper while I'm sludging down the grub. Again, you see, not a moment or a motion wasted.

Am told, in very certain terms, that the straw- berries were for making jam. Shrug it off, asking rather pointedly who picked the ruddy things, and suggesting that if I make my own breakfast, the chips, and the berries, must fall where they may.

By 11 a.m., I am re- convinced that politicians are windbags, that Canada is going to hell in a wheelchair, that I don't really care on this fine morning, and that it's time for some action.

So it's outside, into the backyard, pulsing with life, vitality and strawberries. Me, not the backyard. It is pulsing with life — starlings, long

grass, shaggy hedge — but no berries.

Mutterings and recrimina- tions about those strawber- ries I stole, from the nether regions of the kitchen, where the jars are being boiled for jam. For which we are short one quart of berries.

So, it's a quick look at the hedge, a quick, firm decision that it would be crazy to clip it in the heat of the day, and off to the farm near town to pick another quart of those lousy strawberries. In the heat of the day.

But it's great, picking ber- ries. Down on your knees is the only way to pick. It's ear- thy. There's nothing malign- ant or irritating about strawberries. They're just there, fat, luscious, waiting to be raped.

In the next row, there's an old German lady, at least a grandmother, chirping away happily, knees in the soil, hands busy, mouth smeared with juice. You decide she's a lot more sympatico than your wife, who's a great picker, but not of berries.

You also discover that you forgot to put on long pants, that shorts are not the ideal wear in the berry patch, and that your knees are turning into two large boils.

Then it's home with the berries, and there's the morn- ing gone. A crafty beer and lunch, then a serious discus- sion with the chateleine about when you are going to clean up the basement. You compromise by assuring that it will be the very first day it's too cold and wet to play golf, secretly hoping it will be a long, hot summer.

And then it's off for a game of golf, or a swim, or both, or a fish with an old buddy, or a ride in somebody's new boat.

And suddenly, it's time for a cool drink under the oaks, perusing the evening paper and waiting for the cook to call out that dinner is ready. And before you know it, it's TV time, or off to the movies, and late, late to bed, warm in the knowledge that it's been a pretty full day, and that you have con- tributed absolutely nothing to the fate of mankind or your own domestic prob- lems.

Oh, there are lots of varia- tions. Don't think it's as dull as it sounds. Sometimes you go to the bank and josh the girls, all of whom seem to be former students, now mar- ried and either pregnant or mothers.

Sometimes you write a let- ter or spend as much as an hour thinking about the book you didn't quite manage to get written last summer, but will this year for sure.

Sometimes people drop in, ostensibly to visit old friends, but in reality to tell you all the horrible things that are happening to them, no more interested in you than they are in the strawberry festival at Hayfork Centre.

Yes, it's rather a good life. Not exciting, perhaps, but I think my wife's concern about my retirement is a little premature. I think I could hack this life for, perhaps, another three or four hun- dred years.

The Argyle Syndicate Ltd.

Mr. & Mrs. Reg Schofield, of Wilberforce, are pleased to announce the marriage of their daughter Constance Anne to Robert Donald Steadman, son of Mr. & Mrs. Ted Steadman, of Orillia. The wedding took place May 21, 1977 at the Church of St. Aidans, Toronto.

Stanhope Council

from last week

Moved by Jim Harrison
Seconded by B. N. Simpson
Be it resolved that council strongly supports the proposal of the Leslie M. Frost Natural Resources Centre to introduce a lake trout spawning bed enhancement programme at Ox-Narrows, Ku-shog Lake.

Carried.
Moved by John Tomlinson
Seconded by B. N. Simpson
Be it resolved that James Harrison take the chair in order to pass the by-law relating to the sale of a mortgage on Lots 12 and 13, plan 187.

Carried.
By-Law 77-18 to authorize the execution of documents was read a first time. Carried.

By-Law 77-18 was read a second time and referred to a committee of the whole with Elgin Stouffer appointed chairman. Carried without Amendment.

By-Law 77-18 as reported by the Committee of the Whole was read a third time, passed, signed and sealed. Carried.

S.G. Nesbitt declared in- directly pecuniary interest and refrained from voting or discussion on all three readings.

Moved by Elgin Stouffer
Seconded by B.N. Simpson
Be it resolved that Sinclair Nesbitt return to the Chair since business relative to

By-Law 77-18 is completed. Carried.

Moved by Jim Harrison
Seconded by John Tomlinson
Be it resolved that council forward a request from the Hawk Lakes and Hall's Lake Property Owner's Associa- tion to maintain a picnic area near Crab Rapids north of Big Hawk Lake to the Ministry of Natural Resources for further consideration.

Carried.
Moved by Jim Harrison
Seconded by John Tomlinson
Be it resolved the Clerk be

authorized to request from the Ministry of Transporta- tion and Communications, \$17,000.00 Subsidy Dollars for road construction in 1977.

Carried.
Moved by Elgin Stouffer
Seconded by John Tomlinson
Be it resolved that council approve of the proposed water lot fronting on part lot 11, concession 6, Township of Stanhope to Camp Calumet Ltd., subject to approval of abutting property owners and other necessary approvals.

Carried.
Moved by Jim Harrison
Seconded by John Tomlinson
Be it resolved that the Clerk be authorized to contact the people involved to obtain a deed for the 66' road allowance on part lot 3, concession 2, more particu- larly described as that road allowance abutting lots 1, 2, 3 and 4, on Plan 372. The first step in this process would be a survey of road allowance. Total cost of road closing, if approved, to be the responsi- bility of interested parties in allowance.

Carried.

Moved by John Tomlinson
Seconded by Elgin Stouffer
Be it resolved that the Clerk write the President's of the Property Owners Associa- tions requesting they notify their members that all driveways should be a minimum of 12' wide and 12' in height, this in order in case of emergencies, the fire truck can easily get to the point of action. Otherwise the owner of the property in question will be held responsible for any resulting damage to equipment. Minden should also be notified as our Fire Department services is part of Minden. In addition, a notice be sent to the local papers.

Carried.
Moved by John Tomlinson
Seconded by B. N. Simpson
Be it resolved that council approve payments totalling \$6,038.65 under the 1977 Canada Works Program.

Carried.
Moved by Jim Harrison
Seconded by B.N. Simpson
Be it resolved that council approve payments under the Young Canada Works pro- gram 1977 in the amount of \$680.66.

Carried.
Moved by B. N. Simpson
Seconded by John Tomlinson
Be it resolved that general accounts totalling \$3,880.01; June welfare totalling \$644.-

25; Road Voucher #6 amount- ing to \$54,782.53 be allowed for payment.

Carried.
Moved by John Tomlinson
Seconded by Jim Harrison
Be it resolved this meeting do now adjourn at 5:45, until August 10 at 9:30 a.m., unless called sooner by the Reeve.

Carried.

Rainfall helps canal

Recent rainfalls have help- ed Canal personnel to main- tain navigation levels with less requirement for stored reservoir water. Flows have been reduced accordingly and by substantial amounts in some cases. At this date the rainfall has not been enough to raise reservoir levels generally, but the rate of decline should be reduced.

Storage remaining on August 2 stood at 54 per cent; an amount usually reached by August 20th. The storage had declined by about 4 1/2 per cent over the week.

Record low flows were registered for July on the Gull, Burnt, and Otonabee Rivers. On the Gull and Burnt the flows from the reservoirs were the lowest in fifteen years at 60 per cent and 34 per cent of the respective normals for the month. Otonabee River flow from the Kawartha averaged 575 cfs, virtually the same as in 1975. This was only 41 per cent of the 50 year average for that station of about 1390 cfs.

Precipitation measured at Haliburton in July totalled 1.66 inches. Contrast this with 1.26 inches overnight on August 5, and one could suspect that the dry spell may be easing. The normal total for the month of July is 3.38 inches.
